

# *2010 Decoy Fall Workshop*

## *November 9th – 11th, 2010*

**Hosted By: American Aluminum Accessories**

### **Workshop Overview:**

Police service dogs are utilized to search for, locate and subdue criminals. The dog's ability adds a dramatic level of safety to the officers and ultimately the public they serve. To effectively provide this level of safety the dog must be conditioned to engage in active combat with a suspect in a variety of circumstances and provide sufficient pain compliance to stop the suspect's threatening behavior. The ultimate success of a police service dog team in providing effective pain compliance, and the resulting safety of officers, is attributed directly to the knowledge and skills of the agitators utilized to train and maintain the dog. The purpose of this course will be to provide you with this knowledge and skill.
